MANY WOUNDED DURING OIL FIELD BATTLE

Local Teams Are Ready For Turkey Day Classic

FOOTBALL SQUADS WEDNESDAY TAKE FINAL WORKOUTS BEFORE BIG GAME

Biggest Crowd In History Of
Game Here Now Is
Anticipated

UNIVERSITY MEN WILL
BE HERE AS OFFICIALS

Cheer Leaders Have Been Oiling
Up Voices For Active
Day

With the coaches of the two squads this afternoon placing the finishing touches on their attack and defense and other school authorities preparing "Y" park to handle the biggest crowd that ever attended a football game here, plans today were practically complete for the inter-city classic Thursday when Albany and Decatur high school elevens meet in their annual game.

The game will be started promptly at 2:30 o'clock, officials have declared. University of Alabama has consented to send three of her football men here for the game to act as officials, one being designated as referee, one as umpire and the third, as head linesman.

The Decatur supporters will occupy the west side of the field and the Albany supporters the east side, it was announced Wednesday. Cheer leaders of both institutions have been oiling up their voices for days and the game will be featured by lots of pep from the sidelines. Wires will be stretched across the field to prevent spectators from crowding the playing field.

Albany will start Thursday's contest generally doped to win. The purple machine approaches the Turkey Day classic with the more impressive record in the matter of games won and lost. Decatur, however, has played a remarkably hard schedule. Both teams today were reported in fair condition for Thursday.

Coach Dowdy was doubtful about starting Fennell at guard. The big linesman suffered an injury to his shoulder in the first few minutes of the game with Sheffield and has not entirely recovered. If Fennell should fail to open, Dodd will take his place in the line. The Albany mentor was fairly sure of the remainder of his starting line up, he said.

Coach King was in doubt on several cogs of the Decatur machine. At left end he will start Lovin, provided Phinizy opens at quarter. If Coppage goes in to call signals, Phinizy will be stationed on the flank. He was in doubt also whether Connelly or Himes will take left guard.

Approximate weight of the two teams, announced Wednesday, show Albany with an advantage in weight among the forwards and with Decatur enjoying an advantage of weight in the backfield, provided Phinizy plays quarter.

Mercury Tumbles To New Low Level

Tuesday night the mercury took another downward tumble, resulting in one of the coldest nights of the season, with plenty of ice and one of the largest frosts yet seen. The frost in many places resembled a light snow on the house-tops and bridges over the country, bringing to the valley the very best health conditions, killing the malaria carrying insects, and rendering the air pure and wholesome.

Frost has always been hailed with delight in this section, for it brings relief measures afforded by nature which has always been regarded as of the very best.

NEW FRANCHISE TO TRACTION COMPANY AGREED ON BY CITY COUNCIL LAST NIGHT

John B. Weakley Meets With
Aldermen In Regular
Session

RENT IS ORDERED PAID
FOR STATE LABORATORY
Franchise Ordinance In Albany
Similar to One Adopted
In Decatur

At the Albany City council meeting held last night in the assembly room of the city hall chief interest centered in the discussion of the changes suggested in the new traction ordinance as submitted by John B. Weakley, in behalf of the Alabama Traction Company, successor of the North Alabama Traction company.

Two other important matters considered were the recommendations of the water and fire protection committees that a number of new openings be made and hydrants placed in order that better protection be given property against loss by fire.

Malone building selection approved. When the decision of Dr. Havens state health officer, was announced to the effect that he had selected the Malone building, at the foot of Second Avenue as the place for the North Alabama laboratory, after some discussion, the plan was agreed to and the city treasurer was directed to pay the rent on the apartments.

It was stated that all the requests of Dr. Havens were acceded to by Mr. Malone, as to the heating, lighting and general equipment of the new laboratory. Attention was called to the importance of the laboratory not only to the Twin cities and to Morgan county, but to the entire Tennessee Valley.

Discussion of the Traction Ordinance. Led by city Attorney Melvin Hutson, for the city and by John B. Weakley and Charles H. Eyster for the Alabama Traction company, a lengthy discussion preceded the passage of the new ordinance granting a thirty years franchise to the company now operating street cars in the Twin cities.

The eleventh section of new contract provided that it shall not be effective until the Alabama Traction company "files its written consent to the terms thereof."

Like the Decatur Similar Ordinance. A similar ordinance to the one agreed last night was passed by the city council of Decatur and signed by Mayor Nelson some several days ago. One exception was pointed out by Attorney Hutson—there is an added provision in the Albany agreement requiring that the street cars shall operate not less than 16 hours each day.

Following a short preamble, section one provided that the car company shall have a franchise of thirty years and be allowed to run cars over.

Twin Cities Pause To Return Thanks On Thanksgiving Day

The Twin cities will enter upon Thanksgiving day tomorrow, with many things for which to return thanks. For a long season they have been spared the rigors of winter. The bodily health of their people has remained good. And despite trying experiences the people have remained in "love and charity with their neighbors" to a remarkable degree. The crops have been abundant in this county, and the chief money crops of the farmers have arisen in price to where cotton can be made and marketed at a profit.

It is a cause for thankfulness that in Twin City, as always, in the past, are still responsive to the needs of the needy—that they have sought to bind up the broken in spirit—to visit

County Has Much To Be Thankful For During This Year

these benefits of parental care, and to set all free thought and action. It should be a source for thankfulness, that where distressing conditions have obtained, that they have been tended to bring local people together in love, rather than to separate them in bitterness. And that whatever misfortunes have come to this community, they have served to draw its citizens closer to the great heart of humanity.

The interest in, and practical assistance given several local Thanksgiving movements for collecting money, food and clothing, for those, for the time being in need of those material blessings, is a cause for gratitude. Unmistakable evidence was given in these activities that the people have not forgotten the real and true uses of money; but are anxious to learn more of the economy of giving. In other words, learning that "not what you have but what you share"

COMMITTEE WILL HANDLE MEMORIAL

An executive committee of prominent men was named last night by preliminary committee in the "Dr. M. W. Murray Memorial." The initial committee held a meeting in the Albany chamber of commerce rooms. The executive committee is composed of: W. B. Shackelford, Clyde Hendrix, Dr. W. C. Bailey, J. H. Calvin, E. C. Payne, W. A. Bibb, Dr. J. L. Gunter, T. A. Bowles.

The meeting last night discussed plans for extending the campaign throughout North Alabama. Committees will be named in Athens, Moulton, Hartselle and in other points in Morgan and in other counties.

MAYOR COUZENS IS NAMED TO SUCCEED TRUMAN NEWBERRY

LANSING, Mich., Nov. 29.—Mayor James Couzens, of Detroit, today was appointed by Governor Albert J. Groesbeck as United States Senator from Michigan to fill the unexpired term of former Senator Truman H. Newberry, who resigned recently.

Mayor Couzens has accepted the appointment, the Governor said. The notification of his appointment has been forwarded to Mr. Couzens at the Hotel Belmont in New York city. The appointee is in New York to spend Thanksgiving Day with his daughter, a college student. Mr. Couzens, who has gained national prominence through his municipal railway venture in Detroit, will take his seat in the senate as soon as his Detroit affairs can be arranged, the Governor announced.

ATTORNEY'S ACTION BEING INVESTIGATED

(Associated Press.)

OKLAHOMA CITY, Nov. 29.—Characterizing the action of W. S. Seavers, Tulsa County attorney, in dismissing a number of liquor cases, as "an outrage and anarchy," Governor J. B. A. Robertson today ordered Attorney General George Shott to proceed to Tulsa at once and take such action as an investigation makes necessary.

In dismissing 15 cases, a majority of which were alleged violations of the dry laws, the county attorney is said to have offered the explanation "the people don't want prohibition and I am not going to force anything down their throats they don't want."

DETAINED NEGRO GIVEN
HIS RELEASE FROM JAIL

Motive For the Killing Remains
As Great a Mystery
As Ever

The coroner's jury, which was empaneled by coroner F. M. Hamilton Tuesday, to inquire into the death of Charlie Wells, who was killed at his home in West End Terrace about 7 o'clock Monday evening, held a session of this inquisitorial body beginning at 7 o'clock Tuesday evening, and continued until eleven o'clock Tuesday night.

A large number of witnesses were examined, the hearings being conducted at the undertaking establishment of H. M. Priest. Nothing definite resulted from the hearings held at this time it is understood, and the investigation was adjourned to meet again at 7 o'clock this evening.

George Taylor, negro, who was placed in the county jail Tuesday following his arrest when blood hounds, which were brought here from Florence, took up a trail at the scene of the killing, going to his home, was released from the county jail late Tuesday evening, as no definite evidence was found against him warranting his being held further.

The killing and the motive for the deed remain as great a mystery as ever. Other witnesses have been summoned to appear before the coroner's jury today, when a further effort will be made to arrive at a definite decision.

The sheriff's force, aided by the city officials, is rendering every assistance to the coroner in the investigation which is being made, and no effort will be spared in bringing the guilty one to justice.

School's Ruins Are Searched for Bodies

MASKED MEN FIGHT WITH OIL WORKERS FOLLOWING RAID ON RESORTS OF TOWNS

Outcome of Effort To Rid The
Field of "Undesirable
Citizens"

SHERIFF'S STATEMENT
SURMISES THE CAUSES

Several Murders Reported From
Territory In Past
Few Days

(Associated Press.)

MONTGOMERY, La., Nov. 29.—A number of men were wounded and several are reported dying, following the battle between masked men and oil field workers near Smackover, Ark., last night according to a long distance telephone message received from Eldorado by the authorities here this morning.

The reported battle is believed to be the outcome of an effort made within the last few days to rid the oil field of gamblers and other undesirable persons who are alleged to have flocked to that section since the discovery of oil in the field.

Two murders are known to have taken place in the Smackover field within the last week and the lawless element, it has been reported to the authorities was getting beyond control.

Following the slaying of an oil field worker named Persons Sunday, near Smackover, citizens' posse visited the scene, ordered the inmates of the resort in which the man was shot, to leave the country and then burned down the building.

Other objectionable resorts in the vicinity were visited and the proprietors ordered to leave within 24 hours or to take the consequences. A number of the undesirables were flogged by the posse as a further warning, it was reported.

Sheriff Ed Harper, of Camden, issued a statement as follows "I understand that the invaders who visited the towns along Smackover street, after parading in the town of Smackover last night at ten o'clock were members of the Ku Klux Klan. They were, at least hooded and wore white robes. Their purpose, I am sure, was not to precipitate a battle, but to clean up the oil field region. The battle in reality occurred at what is known as Patagonia and after they paraded in Smackover they started to several oil field villages in the Patagonia region and were met with armed resistance. The part of the oil fields is a wooded country and the battle was fought from behind trees and rocks and there are, perhaps, many dead as a result, but all reports received by me are that no one was killed."

Postoffices And Banks Will Close

Local postoffices and banks will be closed Thursday on account of Thanksgiving. There will be no deliveries from the postoffices, it was announced.

(Associated Press.)
WASHINGTON, Nov. 29.—Democrats started the second day of their filibuster against the Republican sponsored anti-lynching bill today immediately upon the convening of the senate.

The inauguration was a demand for a quorum, called by Senator Underwood, of Alabama, the Democrat leader, as soon as the chaplain concluded his prayer.

The roll call finished, Senator Underwood presented a motion to adjourn until Friday.

Senator Curtis, of Kansas, Republican whip, broke in with a point of order and in arguing his point, declared the four hour filibuster, waged yesterday, was with it precedent since the "force bill" was debated to death in the early nineties.

Senator Curtis said Senator Underwood to be commended for frankly announcing yesterday that the Democrats intend to do all in their power to prevent the passage of the bill. He charged the Underwood motion was dilatory, but the Democrat leader pointed out that tomorrow was Thanksgiving and ever since the session had begun, it had been generally understood that no session would be held on the holiday.

When Senator Curtis suggested the

"We might just as well adjourn now, for there will be no business transacted this day in the United States senate."

The scene on the Democratic side of the chamber tended to uphold Senator Underwood's prediction. A pile of books a foot and a half high was on the desk of Senator McKellar, of Tennessee, and other ponderous tomes weighted down the desks of Senator Harrison, of Mississippi, one of the flood leaders in the minority fight, and of Senator Reed, of Missouri.

Amusement

Princess Theatre, Monday Night, December 4th.

The Selwyns announce the coming of the Somerset Maugham comedy, "The Circle," that was unanimously endorsed by all of the brilliant critics as the smartest play that New York had seen in years. "The Circle," will be the attraction at the Princess Theatre Monday night, Dec. 4th.

Not in many seasons has the mere announcement of an attraction caused so much interest as that shown in this play. The Selwyns have cast in a grand manner the comedy that ran for one year in New York, one year in London and one year in Paris.

Mr. Wilto Lackaye has been chosen for the role of Lord Porteous, a character that gives this sterling actor an opportunity in just the sort of character in which he excels. Henry E. Dixey, a star who is well remembered for many plays he has made famous: "Mary Jane's Pa," "The Man on the Box," "The Devil" and others, Miss Amelia Bingham, a star of quality; Charlotte Walker and Norman Hackett are included in the all star cast. "The Circle" should prove here as elsewhere the theatrical event of the season for not in years has a great play so wonderfully cast been sent on tour. For presentation the Selwyns have provided a production that is worthy of the play, and while the action requires only one scene, this is set with lavish care for detail that would please the sensibilities of an actor decorator. And by the same token, Mr. Maugham has provided a play that is worthy of its cast and production. While essentially a comedy "The Circle" is by way of being a gentle satire on life and the female of the species. advt.

"LASSES" WHITE'S MINSTRELS BEST IN MACON THIS SEASON

(Macon Telegraph.)

"Lasses" White, in his 3-year-old minstrel show at the Grand Monday night and again Tuesday night, has brought to Macon a coterie of dancers, singers, fun-makers and exponents of the negro dialect unsurpassed in the minstrels appearing in Macon this season. Unreservedly, and without fear of contradiction from unbiased critics, the "Lasses" White Minstrels, for those who like shows of the minstrel type, are well worth seeing. The show is full of fun from beginning to end.

Seldom throughout the entire show are there any old weather-beaten jokes to get something over and even then "Lasses" gets them over with a face any contortionist would consider an asset. "Lasses" is fine, in fact, he's an artist, but there are others.

The show is young, so Grover Shepp tells the audience in the prologue and best of all, the production is a real minstrel show. Mr. White, though yet a young man, has had experience with most notable minstrel shows, but he and his colleagues have had the foresight and vision to stick very close to old-time minstrel show tactics without restricting to acts often seen in minstrel shows, but which border on plain vaudeville. Probably one of the reasons of White's success in so short a time is the genuineness of the offerings.

There isn't a weak spot in the show. There are excellent dancers, advt.

good laughable jokes, the solos are good and the quartet splendidly balanced. Norman Brown, Nate Talbot, Herbert Schultz and Jimmy McDonald, the quartet, are bubbling over with genuine harmony in "Old Black Joe's Cabin."

Slim Vermont, "Lasses" White Zip Lee and Bobby Burns are excellent end men, and Vermont and Burns, as dancers, received much applause, but "Lasses" White, in a funny little song with about a dozen rhymes had to give the entire dozen. He said he'd have some new ones Tuesday night.

Best of all about the show was the apparent determination of every in the production to make the audience appreciate his efforts. It's truly an aggregation of stars and they worked exceedingly hard to give the audience its money's worth. They succeeded without any trouble. Applause was frequent and prolonged, and now and then some particularly enthusiastic customer in the "crow's nest" had to give vent to his feelings with ejaculations such as "Oh, Boy," "Law, Law, ain't he goin' 54" and "Oh Blues."

The show was particularly a pleasant surprise to one who heretofore has argued "They're all alike. If you've seen one, you've seen 'em all," but there's something different about "Lasses" White's show. It's a success. Most everybody there thought so Monday night.

"THE CIRCLE"

Princess Theatre, Monday Night, December 4th.

There is a real treat in store for the theatregoers at the Princess Theatre Monday night, December 4th when the Selwyns will present Somerset Maugham's celebrated comedy "The Circle," with an all star cast, the most celebrated comedy ever been sent on tour. In assembling five of the most important stars on the American stage to represent this international success, which ran for one year in New York at the Selwyn Theatre, a year in London at the Haymarket Theatre, and a year in Paris, the Selwyns have set a pace that other managers will find it difficult to follow. Included in the cast of stars that will present the play here, is Wilton Lackaye, who has given the stage such pronounced successes as "Tribby," "The Pit," "Children of the Ghetto," etc. Henry E. Dixey who will be remembered for his finished and artistic characterizations in "Mary Jane's Pa," "The Man on the Box," "The Rivals," and many others. The mere name of Amelia Bingham means much to any play and her success in "The Climbers," "A Modern Magdalen," and "La Tosca," is still fresh with local playgoers; Charlotte Walker, who created a sensation in "The Trail of the Lonesome Pine," and starred successfully in "The Warrens of Virginia," "Tea for Three," "Nancy Lee," "Call the Doctor," and others. Norman Hackett needs no introduction to local theatregoers; his work with Southern and Martine, Robert Mantell, Louis James and Margaret Anglin before he became a star in "Classmates," "The Typhoon," "Beau Brummel," and several other plays is remembered by the patrons of the playhouse.

"The Circle," was endorsed unanimously by every critic in New York as the best play in years. Cast in such a grand manner it should prove the big treat of the season and it would be well for those desiring to witness it to send in their reservation by mail at once.

LASSES WHITE'S ALL STAR MINSTRELS

Princess Theater Saturday Night, December Second

The roster of "Lasses" White's All Star Minstrels which organization now on its third annual tour is to be seen at the Princess on Saturday, December 2nd is particularly rich in vocal ability. This department is under the direction of "Nate" Talbot who is not only a singer of a high order but whose thorough knowledge of music is the reason for his being entrusted with the difficult task of arranging harmonies. Mr. Talbot is also a member of the Blackville Quartet which is one of the features of the oelo. The principal soloists this season are Roscoe Humphrey, Al Tint, Herman Schultz, Norman Brown, Maxwell Gordon, Robert Johnson, Grover Schepp, P. H. Baugher and George Milner the minstrel Tetraxinni. The orchestra which will compare favorably with the best ever heard in minstrel play is under the expert direction of Prof. Ernest Hatley.

"SONG OF LIFE"

All Star Special, is Coming Here. "The Song of Life," an all-star production, heralded as one of the most dramatic and interesting photoplays of the year, is coming to the Princess Theatre on Thursday for an engagement of 2 days. It was produced by Director John M. Stahl for Louis B. Mayer and is a First National release.

Georgia Woodthorpe, at one time leading lady for Edwin Booth, portrays the central character, that of an elderly woman, who years before had left her home and husband because of dislike of the mental tasks around a house and because of her love for pretty things. She realizes her folly when happy married life of another young couple is disturbed for the same reasons.

Gaston Glass, distinguished as the star of "Humoresque," is seen as the juvenile lead, while Grace Darmond, a famous screen star and beauty, portrays the ingenue lead.

Richard Headrick, four years old, universally beloved for his work in "The Child Thou Gavest Me," has an important role, and Wedgwood Nowell, a distinguished actor, takes the part of the heavy.

WE FAVOR ACCEPTANCE OF HENRY FOR'S BID FOR MUSCLE SHOALS

SPEAKING ABOUT WHY A DAY OF THANKS-GIVING.

President Roosevelt, by an executive order had the words "in God we trust" removed from American dollars. Mr. Roosevelt possibly took that means of calling attention to a certain lack of trust in God.

Thanksgiving day may well serve as a time in which the states and the nation may inquire: "Are we a thankful people?"

As for American institutions, judging from outbursts such as the recent one from Eugene V. Debs, it would seem the nation is tiring of its hard bought liberties, and using them with too free a license rather than being thankful for them and cherishing them accordingly.

At the time of the first Thanksgiving Day, all our forefathers had was an opportunity, at least every thing else was very scarce according to the history book. They had just crossed a wide ocean and were in the midst of a New England winter, with great forests to fell, and new grounds to plow and the seeds of another crop to plant before they could hope for material prosperity. They had no homes to speak of. So we must conclude that the first Thanksgiving was one where the Maker of every good and perfect gift, was thanked because He had given the young colony a fresh start and a new and wonderful opportunity in a new world.

Added to our accumulated wealth, our large material development, and our strength and position as a nation—today we have the same opportunity to start all over again as did the attenders of the first Thanksgiving service.

It is doubtful if much or any thing was said at that first Thanksgiving, about wealth or power. It would be well that wealth and power have a small place in the Thanksgiving of tomorrow and all other such days that are to follow.

If material blessings are important, they become so only as we use them to ends and for the purposes for which they were divinely appointed. The early thanks givers made their material blessings only incidental, and as a basis on which to work for the free country they hoped to build.

As we enter the churches tomorrow or remain quietly at home on tomorrow, just as the early settlers of this country gave God thanks for opportunity, so ought we to do. Just as they looked forward to building a great nation, out of what they had and hoped to have so ought we.

In this particular locality, where the doors of opportunity stand so wide open as they do today, we have especial reason to be thankful.

IT PAYS TO FIGHT MALARIA.

The Tennessee Valley has declared war on the malaria-bearing mosquito. If such a war is carried on relentlessly and on scientific lines the valley will soon be free of that leech on man's vitality and prosperity. Under the leadership of Col. William D. Wrightson of the United States public health service, county health authorities of the Tennessee Valley will inaugurate a mosquito-destruction campaign this spring, commencing, of course, with the drainage of swampy districts through the digging of ditches and the like. Children in the schools are to be shown malarial films. The public is to be educated into the benefits arising out of mosquito control. A system of city, county and valley co-operation is to be worked out.

In the very beginning, of course, there will be serious discussion of the cost of this work. It will cost money. Nothing worth while is obtained without exertion and financial outlay, but it has been shown in every instance where mosquito-control has been worked out that the cost of elimination has been much less than the cost of main-

taining the mosquito. On the Mississippi coast systematic work on extermination of the mosquito carried on over a period of two years reduced the ravages of the mosquito more than 90 per cent. Health produces strong men and women able to cope with the problems and obstacles of life. Extermination of the mosquito strikes at the root of an evil that assails man in the very vitals of his chance at getting out of life what with reasonable effort he can and should derive.—Age-Herald.

ONE TURKISH REFORM.

Caliph Abdul Effendi, who succeeds to the Sultan's place at Constantinople, has one wife and one child, and has fired the 87 wives and dancing girls recently deserted by his frantic predecessor. It is said that this clean-up policy of the new Sultan will restore peace to the palace for the first time in centuries. At least two Sultans have opened their veins and died because they were bones of contention among palace wives. When public opinion in Turkey will stand for such a shake-up as this it shows that even a Turk can change his mind, if given time in which to think matters over.—Montgomery Advertiser.

The present season has emphasized the potential qualities of the land of the Tennessee Valley and on every hand can be seen the fruits and vegetables of this favored section. Not until the last few years has there been any very marked attempt to create fall gardens. This season has been a variation of that type, and the markets of the county have been supplied practically all the fall with home-grown vegetables and fruits of a fine character.

It is truly wonderful the many and varied kinds of things upon which the people of this valley can grow and subsist, and very little trouble or effort is to be experienced in the raising of them. As a rule, early gardens in the spring bring to the home many of the vegetables which can be produced here, much of it being planted before the frosts of the season cease. By midsummer the first garden is completed, gathered and consumed, the surplus canned and laid away for the winter months. Then comes the late summer and early fall garden, the latter giving perhaps more returns for intelligent effort of all. Two crops of tomatoes, beans and peas and other substantial kinds of food can be produced annually here, the late potato crop proving in most instances the most profitable of all.

With the last few summers and falls almost perpetual sunshine, we are crowding sunny California for a record, and as a people we are making new records in every phase of development. We are learning, and this learning is bringing substantial results.

In the two weeks court which just closed here, having on the docket for trial some of the most important cases from a legal standpoint of recent years, it is not out of place to comment on the attitude and the manner of the presiding judge O. Kyle, in the disposition of every phase of the court's business.

Facilitating the action of the court; having in mind the interests of all connected with it, one cannot help noticing the incessant demand of the presiding judge that, the business of the court must continually go on in an orderly manner, and to this end his constant effort is directed. He no doubt realizes that he is a servant of the people; charged and delegated by them to transact this most important business, and with this obligation kept constantly before him, at the same time not forgetful of the rights of the lowest or the highest who have cause for litigation, his one idea is to dispatch business with the least possible delay, and consequently the least expense to the people, who in the end pay the costs of all courts. His able handling of this most important department of justice, has been the subject of frequent comment by those who have observed his manner and attitude at all times when on the bench, he being regarded as one of the principal figures on the judicial bench of this state, and all have the guarantee of a square deal, backed up by positive demands from the bench, that the court at all times must be orderly and every interest connected with it must function in the highest state of efficiency.

Why will so many people at a county fair go into those dark moving floor things, and leave the merry-go-round empty seated. Will curiosity please answer.

The best known thing to do with the Congressional Record is to paste pieces in it that you like and make an old-fashioned scrap-book.

WORN OUT AFTER SHE COOKED A MEAL

Took Lydia E. Pinkham's Vegetable Compound—Read the Result

Cincinnati, Ohio.—"I suffered for a year with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back pained all the time and I was unfit for housework. I was worn out if I cooked a meal, and was unable to do my washing. My girl friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 19 months old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your Vegetable Compound. I recommend your medicine to all women although I am young to be advising some one older."

"WORSE THAN PAIN"

Louisiana Lady Says She Has "Never Found Anything Better Than Cardui for a Run-Down Condition."

Morgan City, La.—"It would be hard for me to tell how much benefit I have derived from the use of Cardui," said Mrs. L. G. Bowman, of 1319 Front Street, this city.

"I was so run-down in health I could hardly go. I was thin. I had no appetite. Could not rest or sleep well. I was so weak, and so very nervous, I was no pleasure to myself.

"I suffered some pain, but the worst of my trouble was from being so weak and easy to get tired and out of heart.

"This nervous condition was worse than pain.

"Some one told me of Cardui, and I decided to use it.

"After using a few bottles, I regained my strength. I wasn't so nervous, and began to eat and sleep, and grew stronger and was soon well.

"I have never found anything better for a run-down condition.

If you suffer as this Louisiana lady did, you, too, should find Cardui helpful in your troubles.

GO TO THE FOOT BALL GAME TOMORROW

HIS MASTER'S VOICE

City High School Championship FOOTBALL GAME

Albany High vs Decatur High

THANKSGIVING DAY at Y. M. C. A. PARK

Game Called at 2:30 P. M. — Admission 50c

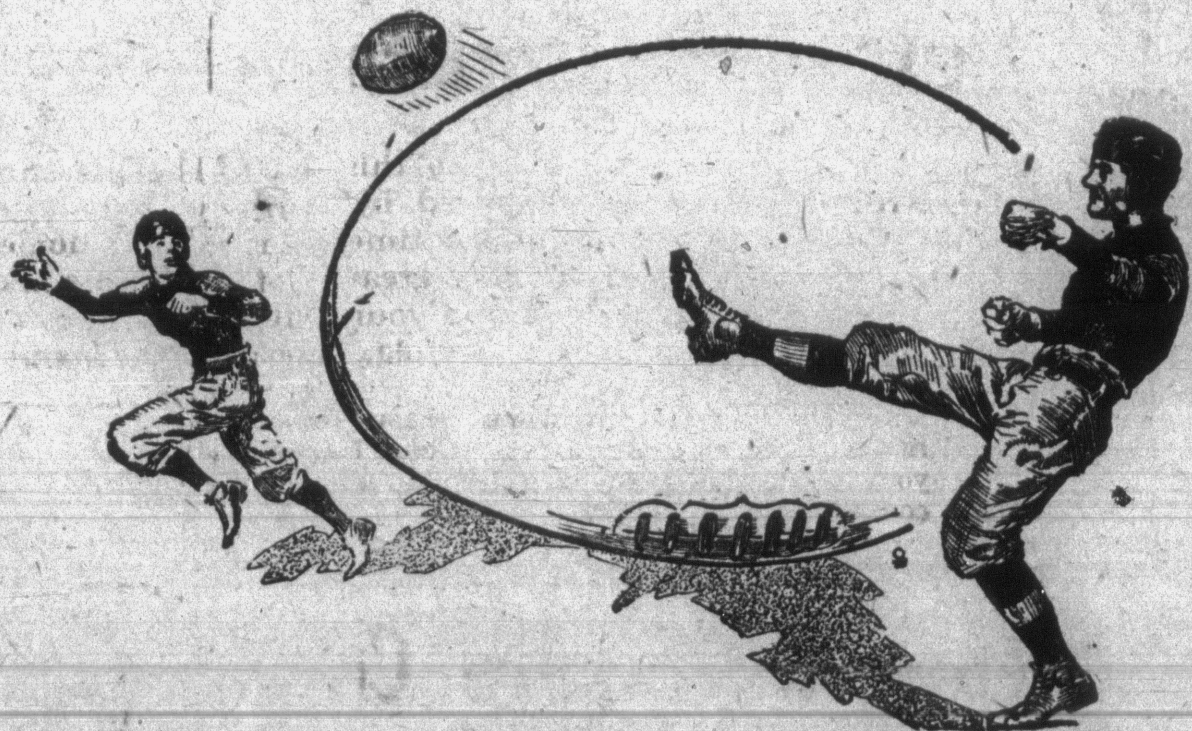

Feeling that the student bodies of the schools of Albany and Decatur and particularly the members of the two football elevens place us under a debt of gratitude for their efforts to up-build the local school systems and to keep the athletic standards of our schools at top mast, the undersigned business people of the Twin Cities are placing this advertising in the interest of Thursday's big game.

Every citizen, we feel, owes it to the girls and boys of Albany and Decatur to attend Thursday's contest. It is more than just a football game. It is a meeting of clean sportsmen, a meeting to which the players have looked forward all year and to which they have given many weary hours of training and development.

The annual Thanksgiving Day game is one the business managers of the athletic squads expect to bring the athletic movements of their respective schools to an even keel financially. The advance ticket sale for Thursday's game has been very satisfactory, we are informed, but for the sake of the cause of physical development in our schools, we should, every one of us, attend, for only by the contribution of each of us can athletics continue to expand and keep pace with similar development in schools of other cities in the state.

We have supported professional athletic games here, we have supported the amateur games of visitors, we CAN and we WILL support our own teams

IN MEMORIAM

Brother R. H. Wolcott passed suddenly from life to death November 4, 1922. Life is crowded with mysteries and the sudden demise of Brother Wolcott is too deep a mystery for human thought to solve. Not until God has lifted the veil from our eyes, shall we understand. Truly, "God works in mysterious ways. His wonders to perform."

Albany Lodge Number 491, A. F. & A. M. has sustained an irreparable loss. We shall mourn the passing from our midst, the gentle spirit of so deeply devout, useful and valued Brother. We shall miss always his counsel, his warm hand shake and radiant smile.

He was Chairman of the Board of Control of Albany Lodge Number 491, Treasurer of Decatur Chapter, Number 38, R. A. M., Past Commander of De Molay Commandery, Number 14, Knights Templar; Grand Captain General of the Grand Commandery of Alabama; a member of Zamora Temple, A. A. O. N. M. S., of Birmingham, and devoutly interested in the Alabama Masonic Home.

As a brother in Masonic Fraternity, and as a citizen, his life could not be too highly eulogized. He was faithful to every duty progressive, and eager to undertake any task that led to the development and prosperity of his fraternity, or town. He walked and talked with the lowly, ever ready to give counsel to those less fortunate than he. He possessed the greatest essential in life—sympathetic companionship. He had always the sweetest of feelings. He lived in peace and thoughts, not years, with malice towards none; with charity for all; with firmness in right as God gave him to see the right. He guarded well that treasure—kindness—gave without hesitation, acquired without littleness and enjoyed the love and confidence of his fellowman. His motto seemed to be: "If there be some weaker one, give me strength to help him on. If any little word of mine can make one life the happier, God help me speak that little word, and make that life the happier."

He was glad in life, because it gave him a chance to love. Was satisfied with his possessions, but not contented until he had made the best of his opportunities; thought seldom of his enemies, but often of his friends. The little worries he met each day, were not stumbling blocks across his way—he lived above them. The thought seemed to be ever in his mind: "It is not what a man gets in life, but what he is." Ever alert with kindly words, sympathetic attentions and watchfulness against wounding the feelings of his associates.

We, his brothers, feel deeply our loss. We cherish and reverence the memory of his loyalty and friendship. We commend his spirit to God.

Deal tenderly, dear Father, Thou knowest his virtues, better than we.

To the sorrowing widow, we extend our deepest sympathy. Strengthen her, dear God, with Thy divine wisdom. Guide her into the knowledge of Thy ways. "There is never a burden so heavy, That it might not be heavier still; There is never so bitter a sorrow, That the cup could not be fuller still." Give her faith and trust to say: "I do not ask my cross to understand—My way to see; Better in darkness just to feel Thy hand And follow Thee."

Apart, yet not afar, Only a thin veil hangs between the pathways where we are—God keep watch between us, is our prayer."

AN ORDINANCE—404

An ORDINANCE granting to the Alabama Traction Company, its successors and assigns, the right and franchise to construct, maintain and operate a street and interurban railway in, over, along, under and across the streets, avenues and public places in the City of Albany.

SECTION ONE: That by the Mayor and Councilmen of the City of Albany, a municipal corporation in the County of Morgan, State of Alabama, that the Alabama Traction Company, its successors and assigns be, and they are hereby granted the right, franchise, power and privilege for a term of thirty (30) years from the passage of this ordinance, to construct, maintain and operate in, over, along, under and across the streets, avenues, alleys and public places in the City of Albany, as now laid out, and as they may hereafter be extended or laid out and extended, a street and interurban railway to be operated by electric power, electricity, or any other approved motive power, sanctioned by the city of Albany, except steam or horse power. PROVIDED HOWEVER, that no track lines, poles, or wires shall be constructed on any street which is not now occupied by a track except by the express consent of the City of Albany.

SECTION TWO: That for the purpose of maintaining and operating such street and interurban railway, the right and franchise is hereby granted to the said Alabama Traction Company to erect, maintain, and operate a power house for the generation of such electricity, or to erect or maintain buildings and machinery for the generation of electricity, or other approved motive power, for the operation of said street railway, and also the right to erect and maintain the necessary poles and to suspend therefrom the wires, cables and supports over, in, above, along or under the streets, avenues, alley and public places in said city, and to erect and maintain all poles and wires necessary for the operation and maintenance of said system of street and interurban railway. The location of all poles shall be within sixteen (16) inches of the inside of the curbing and shall not be immediately in front of the sidewalk entrance to any residence, nor on the outside of the property lines (as extended) at any corner. All construction in the streets shall be made neat in appearance and when required, all poles shall be painted.

SECTION THREE: The said Alabama Traction Company may maintain its tracks on the existing grades in said City, where the grade has been established and the tracks are now laid in conformity thereto. Where the grade on any street now occupied or hereafter to be occupied has not been established by the city, the said Traction Company shall conform its tracks to the grade of such street when it is established, either by raising or lowering the same, as the case may be, according to the established grade. Or, if the established grade be changed the said Traction Company shall change its tracks accordingly so as to conform to the grade.

SECTION FOUR: No switches, turn-outs, or additional constructions of any kind, other than repairs, shall be made on Second Avenue, except with the consent of the City Council of Albany, manifested in writing. The said Traction Company shall maintain the streets in repair between its tracks and between its tracks and switches or turn-outs, and for eighteen inches on either side of its tracks, and if it tears up or injures the paving on any street in the course of any improvement, or repair, it shall restore the same to its original condition and with the original character of material.

SECTION FIVE: The right herein granted to the said Traction Company is on the condition that it operate its cars regularly, and continuously and on a schedule of not more than twenty minutes between cars and that it shall not cease to operate its cars earlier than ten-thirty o'clock P. M. on Saturday nights and Louisville & Nashville Railroad Company pay-day nights and the nights following and for the nights during the week preceding Christmas. All other days they shall operate not less than sixteen (16) hours.

SECTION SIX: If the said Traction Company shall cease the operation of its cars fifteen consecutive days then the franchise herein and hereby granted shall cease and determine, and these rights and agreements shall be null and void, unless such cessation shall be caused by strikes, the public enemy, or bona fide adversary injunction proceedings, or other causes over which it has no control.

SECTION SEVEN: The cars and equipment of the Traction Company shall be maintained in safe condition and in good order and free from flat wheels or other unnecessary noise, some parts, and it shall remedy any defective condition upon ten days' written notice served upon any officer, or agent and an employee in charge of a car shall have the authority to receive such notice.

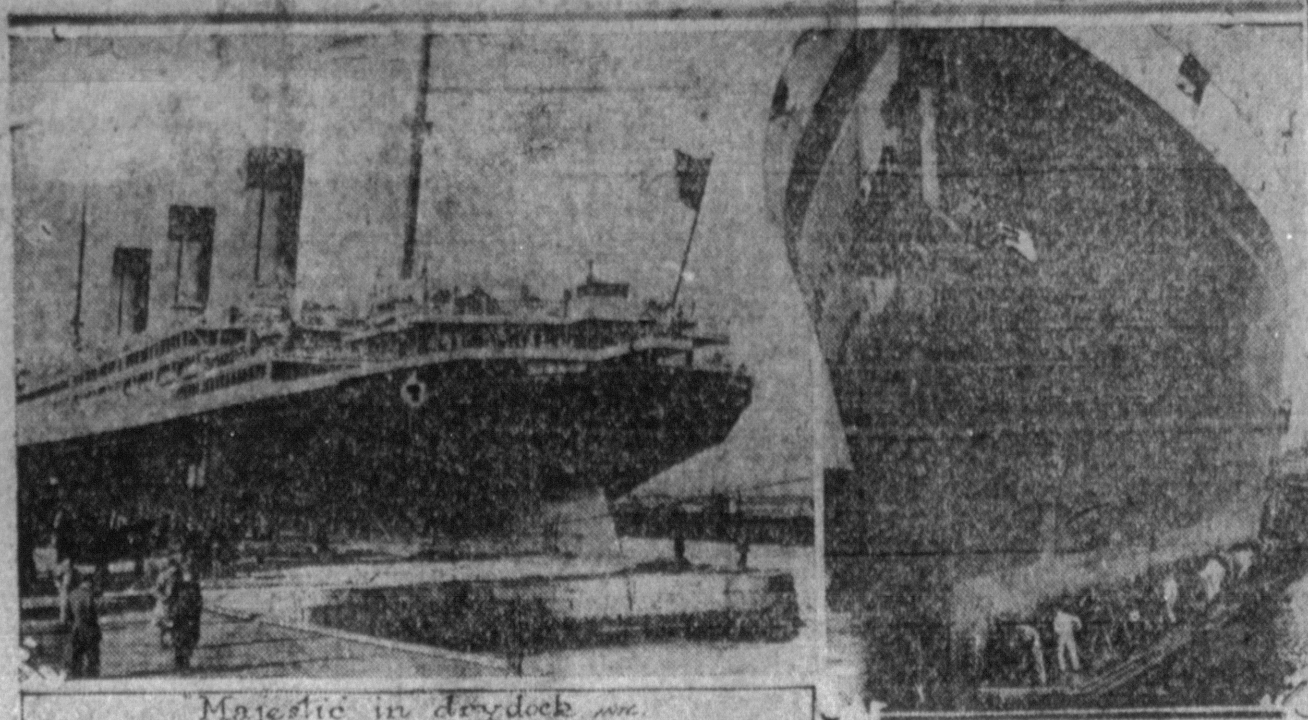

SECTION EIGHT: Subject to the approval of the Alabama Public Service Commission, or other rate making body, under such reasonable rules and regulations as it shall adopt, it shall sell tickets to school children who are duly matriculated at the public schools of Albany, at a discount of at least one-third of the usual and prevailing fare, or in the event it does not require the purchase of tickets, it shall only charge such school children at a discount of at least one-third fare while they are going to or from the public schools. Such tickets or transportation shall be valid only on school days and for children going to or from school.

SECTION NINE: The policemen of the City of Albany, while in uniform, shall be allowed to ride on said cars free of charge.

SECTION TEN: Only one fare shall be charged and collected to or from any point in the City of Albany to or from any point in the City of Decatur.

SECTION ELEVEN: The right of franchise herein granted to the said Traction Company shall not be valid unless the said Traction Company, through some authorized officer, files its written consent to the terms here-

LARGEST LINER IS DOCKED IN U. S.

The White Star liner Majestic, formerly the German liner Bismarck, greatest ship in the world, had to go to the United States Navy drydock in Boston, Mass., to be hauled out for cleaning and the installation of new eighteen-ton propellers, which, it is believed, will make her the fastest ship afloat. She was docked in the record time of forty minutes, and almost before the pumps had gotten the water out of the dock hundreds of men were scraping her befouled sides.

Blackheaded Pimples Quit With S. S. S.

Why? Pimple-Poison Goes When Red-Blood-Cells Increase! S. S. S. Builds These Red-Blood-Cells.

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are enough rich red-blood-cells in it. More red-blood-cells!

The shame of a blemished face!

That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Because in your face, you can try everything under the sun, you'll find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear-pure rich blood. They mean clear, radiant, lovable complexion. They mean nerve power, because all your faculties are fed by your blood. They mean freedom forever from pimples, from the blackhead, from boils, from eczema and skin eruptions. From rheumatism, impurities, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1875, as one of the greatest blood-builders, blood-purifiers and system-strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

Hartselle News

A considerable delegation of citizens of this place will avail themselves of the opportunity of hearing Dr. Geo. Stuart in his lecture at the Princess Theatre tonight at Albany. Those who heard him in an address and sermon at the annual conference were delighted, and will again avail themselves of the opportunity of hearing this great thinker and orator.

Dr. W. M. Booth killed three Poland China hogs 1 year old Tuesday, averaging about 500 pounds each. He annually kills a fine lot of meat, this year he has 9 which will net over 4,000 pounds of meat.

An arrangement has been made whereby the bridge across Shoal Creek south of this place, will be removed across the same creek on the Dec Line highway. This will afford means of crossing for a large territory in the Norris Mill neighborhood. A concrete bridge will be erected across Shoal Creek to take the place of the wooden structure which will be removed to Flint Creek.

A regular meeting of the Hartselle city council was held Tuesday night. The consideration of the waterworks proposition which has engaged the attention of the board for some time has been thoroughly considered from every angle. It has been decided it is understood, that it will be impossible to meet the requirements necessary for the addition of waterworks and a system of sewerage for the town. The fact that it would be necessary to make much of the drainage in rock, would add to the cost over and above it were it all dirt construction, which makes it out of reach of the town at this time, according to the city dads. An estimate of the probable cost was placed at \$180,000, more than the bond issue could reach.

The Lee Motor Co., is the new style of the firm which recently acquired here. The company is headed by Chester L. LeLe, who for some time has been engaged in a similar business here and at Albany. The company will pursue the lines of business as their predecessors, handling the Ford and other cars, and doing a general garage business and operating a service station.

T. E. Crittenden is enlarging his planning mill, and has in course of installation a larger planer which will handle much larger dimension stuff than the one he has operated here for some time. This company does a large lumber business, and keeps cars loading and going out practically each day. Most of the lumber is brought from wagons from the many country saw mills which abound in the country roundabout.

Three road construction companies have asphalt mixing and heating plants here, and are daily engaged in boiling and carrying out on different road projects, the asphalt which is poured on that portion of the completed road in various places adjacent to this place.

Falling to get a game with Moulton (following the rupture which followed a decision at Albany recently) for Thanksgiving Day at some point, most of the foot ball players of the Morgan county high school will take advantage of the opportunity to go to Albany Thursday to witness the annual game between Albany and Decatur high school teams.

New Franchise To Traction Company

(Continued from page 1)

the streets now occupied by rail tracks, by any "approved power" except "steam or horse power". This section contains a proviso to the effect that no additional trackage be laid without the express consent of the city council.

Section two allows the street car company the right to erect a power house for the use of driving its cars, and that adequate wiring be allowed, with certain restrictions as to where the wire poles may be located. In one part of this ordinance appear the words "interurban railway", an expression that gives force to the belief here that the Alabama Traction Company will eventually operate trains between the Twin cities and Tusculumbia, Sheffield and Florence, and from here to Huntsville, Hartselle and other cities. It is required that all wire poles shall be neat in appearance and that they shall be painted if requirement is made by the city.

Section three has exclusive reference to the "grades" that must be maintained.

Section four guards the public thoroughfares for travel in case repairs on the road bed of the street car company are made. Especial reference is made to Second Avenue in this section.

Fifth section requires that the cars shall run regularly, with not less than 20 minutes time between each car, that daily they shall run 16 hours and that on L. & N. pay nights, on Saturday nights and during certain holiday seasons, the cars shall not cease to operate earlier than 10:30 at night.

Section six provided that the company shall lose its contract if it fails to operate its cars for "15 consecutive days."

Section seven provides that equipment of the company shall be kept up—the car wheels "free from flat wheels, and the like and that in ten days after notice is served on any agent of the company to do so, defects shall be corrected."

Section eight leaves the matter of fares and such matters to the Alabama Public Service Commission, except that it is agreed that school children shall ride for a third less than others. Also, according to Attorney Hutson, it was the understanding last night that the Traction company should recommend to the Alabama

WILLIAM MEYER, H. L. SPENCER, By H. S. Spencer. Nov. 18-24-Dec. 1-8.

NO CLUE FOUND

No clue to the whereabouts of the eight prisoners who escaped from the Morgan county jail recently has been found, and they have perhaps made good their escape. Two of the escaped criminals were being held on a charge of burglary, and arrangements had been made by the court officials to try them the week they escaped.

The Seeing Eye.

How do you visualize your job? The story of the three stonecutters leaves nothing of vision to be said. They were working on a stone. A stranger asked the first what he was doing. "I'm working for \$7.50 a day," he replied. "And you?" the stranger asked the second. "I'm cutting the stone," growled the laborer. When the question was put to the third stone-cutter, he answered, "I'm building a cathedral."—The Christian Register (Boston).

Public Service Commission that the school children, while on their way to and from the school house should ride for half fare.

Section nine allows policemen in uniform to ride the cars free.

Section ten provides that only one fare shall be paid, to or from any point in the city of Albany to or from any point in the city of Decatur.
